Instructions to candidates appearing for the examinations to be held in 1940.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer-books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

Candidates are strictly prohibited from smoking in the examination room.

7. CANDIDATES ARE NOT ALLOWED FOR THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 9). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of abacus at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate Examination, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours), M.A., B.Sc., B.Sc. (Ag.), B.Sc. (Pharmacy) and B.V.Sc. Degree Examinations and Pre-registration examination only.

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is 10 annas.

9. Candidates for examination in science subjects are required to submit their laboratory note-books both in the main and in the subsidiary subjects to the Examiner concerned on the last day of the practical examination and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is invited to the instructions regarding rough working and loose sheets of paper printed on the answer-books. All rough working must be shown on the left hand page of the answer-books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer-books of candidates. If the ordinary answer-books are found insufficient, additional books will be supplied and these should be securely fastened to the answer-books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS COME UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable the following alternative procedure may be adopted:—At the end of the period prescribed for each particular paper the candidates should at once fold their answer-books, leave them in evidence at their places, vacate their seats, return to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks allotted to their care; when all the candidates have moved out the Superintendents will collect the answer-books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATING TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

14. ALL EXTERNAL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. INFORMATION AS TO THE PLACES OF EXAMINATION WHERE THE CANDIDATES ARE TO BE EXAMINED IN MADRAS AND OTHER CENTRES WILL BE DULY NOTIFIED AT THE UNIVERSITY BUILDINGS AND IN THE *Fort St George Gazette*.

15. *No college student will be allowed to select a centre for his examination other than that in which the College he studies is situated except for satisfactory reasons and on the recommendation of the Principal of his College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

The blending of foreign spirits which are liable to or which have paid duty under the Indian Tariff Act 1934 with Indian-made spirits whether plain, coloured or compounded and the dilution of wine or of beer or any addition to, or manipulation with them before they are bottled under a separate bottling licence, are prohibited.

4. No compounding or blending or reduction or bottling of foreign liquor or Indian-made spirits for sale is permitted except in a distillery or a bonded warehouse licensed exclusively for the storage of non-duty paid foreign liquor, Indian-made foreign spirits and coconut toddy arrack by the Assistant Commissioner of Excise for Distilleries (hereinafter referred to as the Assistant Commissioner), or in the case of duty paid foreign liquor, Indian-made 'foreign' spirits and coconut toddy arrack in a godown (hereinafter referred to as the Excise godown) approved and licensed in this behalf by the Collector of the district (hereinafter referred to as the Collector).

5. These licences will be granted only to persons holding a licence for the wholesale sale of foreign liquor or to licensed distilleries or bonded warehousekeepers who exclusively store foreign liquor, Indian-made foreign spirits or coconut toddy arrack. There will be two licences, one for compounding or blending or reduction of foreign liquor and Indian-made foreign spirits or some or all of these operations and the other for bottling imported foreign liquor, Indian-made foreign spirits and coconut toddy arrack. The fee for the former for the same premises, where one or more operations are conducted will be Rs. 250 per mensem and for the latter, Rs. 50 per mensem.

6. (1) Any wholesale vendor of foreign liquor or any licensed distiller or bonded warehousekeeper who desires to carry on all or any of the following operations namely compounding (including reduction), blending and bottling, shall submit an application to the Collector or the Assistant Commissioner as the case may be and shall, except when the aforesaid operations are to be conducted within the premises of a licensed distillery, furnish the following particulars, namely —

(a) the place at which, and the premises in which, the operation or operations will be carried on,

(b) the nature of operations,

(c) a detailed plan of the bonded warehouse or Excise godown showing therein the different rooms or compartments and all the permanent fixtures. The plan should be submitted in triplicate in the case of a bonded warehouse and in duplicate in the case of an Excise godown not working under bond;

(d) the number of days in a week or month the operation or operations will be carried on.

On receipt of such an application the Collector or the Assistant Commissioner, if he is satisfied that the applicant is a fit person to hold the required licence and the proposed premises are suitable, will grant a licence, provided the applicant agrees to pay the cost of the Excise staff to be maintained exclusively or deputed at intervals for supervising the operations in the bonded warehouse or Excise godown.

(2) No addition to, or alteration in, either the building or permanent fixtures of the bonded warehouse or Excise godown shall be made without the previous approval of the Collector or the Assistant Commissioner as the case may be.

7. (1) The bonded warehouse or Excise godown shall consist of separate rooms or compartments arranged and partitioned to the satisfaction of the Assistant Commissioner or the Collector as the case may be. Each room or compartment shall be used for one of the undermentioned purposes only —

(a) for storage of foreign liquor, Indian-made foreign spirits and coconut toddy arrack in bulk to be operated upon;

(b) for the operation or operations of reducing, compounding, blending and bottling to be carried on; and

(c) for storage of compounded spirits either in bottles or in other receptacles.

All rooms and compartments shall be well ventilated and all the windows, ventilators and skylights provided with iron bars 4 inches apart. The windows, ventilators and skylights shall be internally wire-netted with galvanised wire, the wire net having a mesh of not more than ½ inch square. The wire-net shall be secured to the frame of the windows, ventilators or skylights. The windows and ventilators shall be provided with shutters to open externally and with cross bars to secure the shutters when closed. Every room or compartment shall have a board affixed externally over the entrance to it, on which shall be legibly painted in oil colour the name of the room or compartment indicating the purpose for which it will be used. The bonded warehouse or Excise godown as well as each of the rooms or compartments therein, shall remain under separate lock and key of the licensee and the Excise Officer in charge (who will be provided with separate locks) in the manner the Collector or the Assistant Commissioner as the case may be shall direct.

(2) None of the aforesaid operations shall be conducted except in the presence of the Excise Officer deputed or exclusively maintained, for the supervision of these operations.

(3) The licensee shall provide suitable office accommodation with sanitary arrangements for the Officer-in-charge within the bonded warehouse or Excise godown and also supply such furniture and other articles for his use as may be considered necessary by the Collector or the Assistant Commissioner as the case may be.

(4) Smoking and the use of naked lights or fires within the licensed premises shall be prohibited.

8. If the operations of compounding, blending, reduction and bottling are carried on, not oftener than twice a week, the Excise Sub-Inspector of the range in whose jurisdiction the licensed premises are situated will be directed to supervise the operations thereon. Otherwise, wholetime officers not lower in rank than a Sub-Inspector will be appointed to supervise the operations of one or more licensees according to the magnitude of the operations of each. The cost of maintaining the special Excise staff or for the services of the supervision of operations by the Range Sub-Inspector shall be recovered either in full or in such proportion as the Board of Revenue (Excise) may fix. The licensee on receipt of intimation from the Collector shall credit the cost of the special Excise staff or that of the services of the Range Sub-Inspector within a week from the date of receipt of such intimation.

9. The Government shall not be held responsible for any loss or damage by theft, fire, or any other causes whatsoever, occurring to any spirit (or wines) in the distillery, bonded warehouse or Excise godown.

10. When any of the operations of compounding, blending, reduction and bottling are to be carried on by a licensee to supervise whose operations no wholetime Excise Officer is being maintained, the licensee shall notify to the Inspector of Excise of the Circle in which the bonded warehouse or Excise godown is situated, the days and hours during which such operations will be carried on at least 72 hours before the commencement of such operations and it will be the duty of the Inspector to ensure that they are conducted in accordance with the conditions of the licence. When, however, a Sub-Inspector is maintained for the supervision of the operations of more than one licensee the licensees shall intimate to him on the previous day the hour at which they propose to begin any of the aforesaid operations so that the Sub-Inspector may adjust the time at his disposal to meet, as far as possible, the convenience of all of them.

11. In case a licensee ceases to compound, blend, reduce or bottle for a period exceeding a fortnight, the Board of Revenue (Excise) may withdraw the whole-time Excise establishment if any, maintained at the bonded warehouse or Excise godown and may prohibit all further operations until the licensee has given the Collector or the Assistant Commissioner not less than ten days' notice in writing of the date on which he proposes to resume operations in the warehouse or Excise godown.

12. No colouring or flavouring substance may be added to any liquor until such substance has been examined and passed by the Board of Revenue (Excise). Flavouring substances shall be added only in such proportion as the Board of Revenue (Excise) may on examination direct. All colouring and flavouring substances to be used by the licensee shall be kept in the distillery, bonded warehouse or Excise godown before and after they have been approved and shall not be removed therefrom when operations cease temporarily or finally save with the sanction of the Collector or the Assistant Commissioner as the case may be.

13. Where plain spirit has been imported coloured, a quart sample shall be submitted to the Laboratory of the Board of Revenue (Excise) together with an ounce sample of any essence which it is proposed to add to it.

14. The Board of Revenue (Excise) may impose such fee, not exceeding, Rs. 2 as it considers necessary for such examination.

15. In the process of compounding and blending of brandy, whisky, gin and rum, plain spirit, whether locally manufactured or imported, shall be used, provided that foreign spirits which are liable to or which have paid duty under the Indian Tariff Act, 1934, shall not be blended with Indian-made spirits.

16. Every receptacle containing foreign liquor or Indian-made spirits to be compounded, bottled or blended shall be transported in bulk—

(i) from the boundaries of the Madras Province adjoining other British Indian Provinces, Indian States and Foreign territories or from the Customs House under cover of a valid permit; or

(ii) from a distillery or bonded warehouse direct to the licensed warehouse or Excise godown subject to rule 4. Each receptacle *containing Indian-made spirits* as transported shall bear a printed label showing clearly the name and strength of the liquor, the place of manufacture and the date of removal from the Customs House, distillery or bonded warehouse as the case may be. In the case of duty-paid liquor the licensee shall produce evidence of payment of duty.

17. Foreign spirit and Indian-made foreign spirit shall not be compounded, blended reduced or bottled before its true strength has been determined, at the Laboratory of the Board of Revenue (Excise) and communicated to the Officer-in-charge, and an account taken of the strength and quantity by the aforesaid officer.

18. The bottles used shall be properly cleansed and washed first with a solution of potassium permanganate and then with pure water. They shall finally be rinsed with a quantity of the liquor to be bottled.

19. In a bonded warehouse the licensee shall supply one quart bottle of each batch of bottles filled with liquor free of cost to the Officer-in-charge for analysis and declaration of the true strength by the Laboratory of the Board of Revenue (Excise). No issue shall be made from the bond until the receipt of the results of analysis. The true strength communicated by the Board of Revenue (Excise) shall be the strength at which duty should be levied on all spirits removed from the warehouse whether in bulk or in bottles. When the bottling operation is carried on in an approved Excise godown, as whisky, brandy and rum shall be bottled at a strength weaker than 25° U.P. and gin at a strength weaker than 35° U.P. and coconut toddy arrack at a strength weaker than 30° U.P. Samples shall be supplied to the Officer-in-charge of the distillery, bonded warehouse or Excise godown whenever necessary.

20. Immediately after the bottles have been filled up they should be corked, capsuled and labelled and removed to the storeroom for bottled liquor. A distinctive serial number, to be known as batch number should be assigned to each bottling operation spreading over a day or more. If the capsule is of metallic composition it shall be firmly fixed in position with a capsuling machine, if of paper, it shall be gummed over the cork and the neck of the bottle. The capsule shall bear inscriptions showing only the name of the manufacturer or the brand or both.

21. To avoid congestion in the distillery, bonded warehouse or Excise godown, liquor filled in bottles in a manner indicated in rules 18 to 20 shall as soon as possible be removed to the premises covered by the wholesale license.

22. Correct account shall be maintained both by the licensee and the Officer-in-charge of all liquors, essences and colouring matters, in the distillery, bonded warehouse or Excise godown in such forms as may be prescribed by the Board of Revenue (Excise). The separate accounts written up daily by the Officer-in-charge and the licensees' authorized agent shall be compared and reconciled before the distillery, bonded warehouse or Excise godown is closed at the end of the day's transactions.

23. All bottles or other receptacles containing liquor that has been compounded, blended or reduced in India for sale must be labelled as having been compounded, blended or reduced in India.

24. Foreign liquor, Indian-made foreign spirits and coconut toddy arrack shall not be bottled for sale except under a separate licence to be obtained under rule 8.

25. Bottles containing liquor compounded, blended or reduced in India for sale must each bear a label specifying the nature of the liquor contained therein, that is, whether it is whisky, brandy, gin, rum or wine. The country of origin of the principal constituent of such liquor, the name of the bottler, the name of the place where it is bottled and the fact that the compounding, blending or reduction was

done in India should also be noted in letters equally conspicuous so as to catch the eye along with the name of the liquor or trade mark. All these particulars must be contained on the same label. The addition of incorrect particulars on the same or on other labels is prohibited. Thus Java spirit compounded in India and flavoured with essences so as to resemble whisky should be labelled as under:—

WHISKY

Produce of Java (or made from Java arrack) compounded in India and bottled in Madras

by

Messrs. X Y Z.

Spirit manufactured in India and compounded with such essence should be similarly labelled

26 Bottles filled in India with liquor imported in bulk from foreign countries when intended for sale must each bear a label specifying the nature of the liquor contained therein. The country of origin, the name of the bottler and the name of the place where it is bottled should also be noted in letters equally conspicuous so as to catch the eye along with the name of the liquor or trade mark. All these particulars should be contained on the same label. The addition of incorrect particulars on the same or on other labels is prohibited. Thus on the same or on other labels in Madras should be labelled as under —

WHISKY.

Produce of Java (or made from Java arrack) bottled in Madras

by

Messrs X. Y. Z.

Note 1: rules 25 and 26.—(1) The officer must see that in the label or wrapping of bottles the provisions of the Indian Merchandise Marks Act 1889 are observed. All the particulars on the labels should be in English. The use of geographical names in trade descriptions will be regarded as prima facie suggestion that the goods are the produce of that country or of the country in which that place is situated. This rule will be applied subject to the following interpretations:—

(a) If the name relates to geographical equivalents, e.g., in the case of Jamaica rum or Scotch whisky and the goods are not actually made or produced in the country referred to, no enquiry (unless) should be accepted.

(b) Names described as "Port of Madras," but not the produce of Portugal or Madeira, as the case may be, should not be admitted even with a counter indication of origin.

(c) Where the name has lost its geographical significance, though still calculated to mislead, a country indication of origin must be accepted as removing any misapprehension, e.g., in the case of Chartreuse, Benedictine or Munich beer.

(d) The following is a list of trade description containing place names which have by common usage been accepted as terms devoid of geographical significance and not calculated to mislead:—

Burgundy
Palmyra

If applied to goods made in foreign countries these descriptions should require counter indication.

(2) The labels to be used on bottles filled with liquor under the terms of the bottling licence shall be approved by the Board before they are brought into use and if the use of labels not so approved is prohibited.

The compounding, blending and bottling of Indian-made Oriental spirits and the bottling of coconut toddy arrack in Red Bottles and whitehouse will be governed by the Distillery and Bottling Rules published in connection therewith in the 28th September 1932 at pages 1011 to 1022 of Part I of the Fort St. George Gazette, dated the 4th October 1932.
